COMMUNITY WORKSHOP/DIALOGUE

Saturday, October 25, 2025

2-4 p.m.

**Joliet Library, Ottawa Street Branch, McGuire Room 109
150 N Ottawa St., Joliet, IL***

Light refreshments provided.

We had a heartfelt and lively conversation on what we see in our beloved Joliet in September. Wishes to better support our youth in problem solving, preparation for adulthood and just plain support for families and youth in all stages of life were expressed.

Let's gather, we the people, to further the conversation and find ways to best support our neighborhood youth and families—with the help of local residents, schools, colleges, nonprofits, faith organizations and government agencies.

If we and our neighbors had everything we needed, what would that look like and how do we get there?
